A GREAT CAN FOR A GREAT BEER.

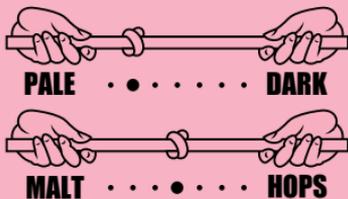

In 2020 we started producing an innovative format: the 50cl can.

REAL LAGER

La Bassa

A true, revolutionary lager dedicated to cycling, passion deeply rooted in our Bassa Padana region. Golden and brilliant, it releases aromas of honey, freshly cut grain and finely spicy hops. Full-bodied with a long, bitter finish. Recommended before, during and after physical activity.

PALE ALE

TERMINAL

Alc. **3,5%**
vol.

Our house beer, created for our pub Terminal I here in Codogno: a light, lean and aromatic **American Pale Ale**.

Slim body and gentle bitterness, with great freshness and a citrus-forward character thanks to American Citra hops.

Easy drinking mode ON.

PILS NINA

Alc. **5,2%**
vol.

NINA is a simple beer, meant to be drunk by litre, as every proper Pilsner should be.

Brewed exclusively with Pilsner malt and Aurora hops, the same fine and noble hop we use in 'Il Montante', our Doppelbock.

NINA features a moderate yet persistent bitterness that invites another sip, with aromas of honey, a touch of herbs and bread crust.

Can I have another one?

INDIA PALE ALE

BUROCRACY

Alc

An **India Pale Ale** rich in aromatic American and New Zealand hops, born out of frustration with Italy's complicated bureaucracy. It offers an elegant bouquet of citrus and ripe fruit, with a smooth, caramelised attack followed by a long, clean bitterness. Dedicated to lovers of hops—and few words.

WEST COAST IPA SPAGEMAN

Alc. **7,0%**

And we thought a **West Coast IPA** would be asking too much to Italian palates! Strong, dry, very aromatic and bitter, it has soon become the brewery workhorse: our personal tribute to the explosive citrusy and fruity aroma of American hops. Fasten your seatbelts.

All the aromatic taste of an **IPA** resting on a bed of dark malts. It offers a wide spectrum of aromas ranging from mint to pine resin, from toasted cocoa to citrus peel. Bitter and spicy, yet well balanced. Never judge by the appearances.

IMPERIAL IPA

Double IPA, meaning an IPA taken to the next level in honour of hops. Orange in colour, from the very first sip it reveals all its bold character: caramel, balsamic resin and bitter orange. Refreshing and at the same time dangerously warming. No matter what, it will always be too late.

WEST COAST IPA SPACEMAN GRAPEFRUIT

Alc. **7,0%**
vol.

Spaceman's evil twin, with the only difference being the copious addition of pink grapefruit skins during conditioning. The citrus fruit here is the protagonist, amplifies the aromatic character of the beer and makes it even more juicy and sharply bitter than its sister. Second to none.

All the soul of craft beer, none of the alcohol. A premium non-alcoholic beer made for those who refuse to compromise.

"Ca**o Guardi" is an expression you're usually not supposed to say. It's rude. It's provocative. It's definitely not polite.

When someone stares at you while you're drinking it, you're fully justified answering: "Ca**o Guardi?... It's good. Try it."
